HOTEL (THE MERCER)

(THE HOTEL)

The Mercer is Soho's foremost luxury hotel, offering 75 guest rooms on six floors of a landmark Romanesque revival building in one of New York's most exclusive neighborhoods. The first hotel to offer an authentic taste of loft living, The Mercer is both home and hotel.

Sister hotel to Hollywood's famed Chateau Marmont, The Mercer bespeaks elegance, subtlety and intimacy. An all-encompassing philosophy of distinction extends to every detail. At The Mercer, we regard every staff member as our guests' personal concierge and the front desk as their private secretary – an impeccable level of service that only a small luxury hotel can provide.
